LEGO airplanes cover the flight deck on Marcello De Cicco's LEGO model of the USS Yorktown CV10 World War II-era aircraft carrier.

Visitors to the Pacific Grove Summer LEGO Show check out Marcello De Cicco's LEGO model of the USS Yorktown CV10 World War II-era aircraft carrier at the American Tin Cannery on Saturday. The 8½-foot boat is made up of more than 26,000 LEGO bricks and weighs 76 pounds. The event was sponsored by the Bay Area LEGO users group, which draws members from the Bay Area and into Monterey County.
